City of Pittsburg
Community Development Department
Civic Center, Pittsburg CA 94565

Building Division Phone (925) 252-4910
Fax (925) 252-4814

APPLICANT, PLEASE READ BEFORE SUBMITTING THIS APPLICATION.

All construction activity must abide by the Contra Costa County Health Services Shelter (CCHS) Shelter-in-Place (SIP) Order **HO-COVID19-09**.

In an attempt to keep projects moving forward the City of Pittsburg Building Division has developed an electronic submittal process. The city will accept applications, process plans for review (in digital format), provide plan review comments when possible and collect fees for your project. At this time Permit fees can only be paid by **CHECK**. Once approved, your permit will be emailed to you or you will be given instructions as to how to pick up your permit and/or plans.

Due to the expected surge in demand, inspections called in will be scheduled withing the following 2 business days. We anticipate using a 48-hour window of scheduling from May 4rd -May 18th with possible extensions. At this time, due to limited resources, Solar companies will be allowed to call in a maximum 2 separate inspections per day. Inspections will be limited to exterior inspections or work performed in garages and the garage door shall remain fully open. Request for interior inspections must be made via email to the permit@ci.pittsburg.ca.us.

****Internal inspections will be performed at the discretion of the inspector**.**

The inspections will be posted daily on the Building Divisions page under "Today's Inspections". Please use this link <http://www.ci.pittsburg.ca.us/index.aspx?page=1078>
Please check after 8am to confirm your inspections for the day.

You are required to be present with the permit, job card and any approved plans on the job site for the inspections. If all required documents are not at the job site at the time of the inspection the inspections will not be performed.

Please abide by all CCCH social distancing guidelines while inspection is being performed.

As the COVID-19 pandemic is an unprecedented event, information and protocols are frequently changing. Please understand we are anxious for work to resume, but staff will continue to work remotely until such time as deemed safe to do otherwise.
