RE: Trans Bay Cable Project Draft EIR

Dear Mr. Strelo:

We have received the Draft Environmental Impact Report (EIR) for the Proposed Trans Bay Cable Project. The County Public Works Department has the following comment concerning this EIR:

Should any of the truck routes change--especially those that would consist of oversized loads--such that they utilize County roads, the project will need to coordinate with Contra Costa County Public Works Department. Depending on the potential impacts to County roads, additional mitigation measures may be necessary.

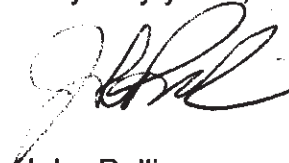

1-1

Thank you for the opportunity to provide input. Please contact me at (925) 313-2165 if you have any questions.
